

## **Morrison Center Volunteers President's Letter**

The Morrison Center for Performing Arts is a showpiece of the Treasure Valley and ranked nationally among University venues. The volunteers that staff the center are dedicated to providing each guest with an outstanding experience. As one of the highly ranked states within the volunteering communities, Idaho has a wide range of places to volunteer. We are very grateful our volunteers choose the Morrison Center, make the Performing Arts a priority, and have given thousands of hours of their priceless time.

The Morrison Center volunteers have been contributing to the patron's enjoyment of the shows since the Performing Arts Center was established. Each show at the Morrison Center is staffed by our volunteers who: guide patrons to their seats, staff the gift shop, help with hearing assist, provide refreshments for purchase, take tickets, man the coat check, and greet patrons at the doors.

This 2018 – 2019 season will be a busy one with Philharmonic concerts, Broadway Season musicals, Ballet Idaho productions, BSU music performances, various concerts, dance productions, and Music Week; to name a few of the many shows for this upcoming season. New volunteers are always welcome to join our amazing team and work beside our current volunteers to provide the staffing needed for each Morrison Center production, and to make each patron's visit remarkable.

Thank you for this opportunity to be your Morrison Center Volunteer President for 2018 – 2019. I look forward to working with you as volunteers, chairmen, and board members. As a team, we can make this a spectacular season!

Elaine McAfee

President, Morrison Center Volunteers
